Zentra Coin (ZNT) Whitepaper

Version 1.0 - June 2025

Introduction

Zentra Coin (ZNT) is a community-driven meme token built on Binance Smart Chain (BSC) with a futuristic AI vision.

We aim to merge meme culture, AI technology, and decentralized finance into one powerful ecosystem.

Problem

Most meme coins have no real purpose or roadmap they are built on hype and vanish quickly.

Our Solution

Zentra Coin offers utility beyond memes: it will evolve into an AI-driven ecosystem including NFTs, smart bots, and decentralized applications (DApps).

Vision

To become the first meme coin with AI utility, community voting, and DApp integration all while

keeping the fun, community-first spirit alive.
